Four Mountains and Ski Slopes of Shangri La

SNOWMASS, Buttermilk, Aspen and Aspen Highlands - THE POWER OF FOUR

The Aspen Skiing Company touts Snowmass/Aspen as, "more than just a place, it's a state of mind where people merge together in a epicenter of outdoors and culture, adventure and glamour and duct-tape-to-diamonds. Where mind, body and spirit unite to form an idea...an idea that cultivates a state of bliss meant to inspire and invigorate away from the hustle and bustle of daily life".

Why SNOWMASS? Snowmass is loved by ALL- as it offers skiing opportunities for everyone. The resort boasts of trails for an array of talents, with 6% beginner, 47% intermediate, 17% advanced and 30% expert. Snowmass experiences an annual snowfall of 300 inches with the capability to manufacture snow accommodating 230 acres.

UNCROWDED: Every day is a different adventure with 21 lifts servicing 147 miles of trails. Lifts deliver an average of 2 people per acre per hour on a total accessible terrain of 2132 acres. Challenge yourself on Elk Camp's longest run, 5.3 miles from beginning to end. Stop at the Big Foot Crossing for a perfect photo opportunity with family and/or friends. Whether you downhill, cross country or snowboard, Snowmass has something to offer all, from novice to the extreme skier.
